Department 11:

We are writing as a follow up on our request below, primarily to ensure the record is clear that Petitioner has diligently sought to obtain a hearing date on her Motion for Reconsideration so that the 10-day period under CCP § 1008 does not later serve as a basis to deny or refuse to calendar the motion.

We understand the Court's prior note that the filing was "– Rejected If you are trying to file a motion, you must reach out to dept 11 for a hearing date prior to resubmission of documents." Consistent with that instruction, we promptly sent our previous email requesting the earliest available hearing date so that we may properly resubmit the motion in accordance with the Court's procedures.

We wish to respectfully note that any delay beyond the statutory period results solely from adhering to the Court's directive to first secure a hearing date, and should not be construed to prejudice Petitioner's rights under CCP § 1008.

When the Court is next available, we would greatly appreciate it if you could please advise of the earliest available hearing dates so that this matter may be set as expeditiously as possible. We also remain mindful of the importance of affording the Court sufficient time to review the significant jurisdictional and constitutional issues raised, while ensuring the motion is heard in time to avoid the irreparable harm detailed in our papers.

Thank you very much for your time and consideration.

Sincerely,

Matthew J. Frauenfeld (he/him)

Thank you, Department 15. We will not be appearing today in light of Department 11's rejection of the filing of the underlying motion and requirement that we contact them to obtain a hearing date before filing.

Department 11: We respectfully request a hearing date at the earliest available opportunity. We are mindful of the need to allow the Court sufficient time to review the important jurisdictional and constitutional issues presented, while also ensuring the hearing occurs soon enough to prevent the irreparable harm identified in our moving papers. Please advise what dates the Court has available so that we may calendar this matter as expeditiously as possible.

Thank you,

Good morning,

Thank you, Department 15.

Department 11: In light of Department 15 recusing itself, please direct us to an alternative department that will be hearing ex parte applications for Department 11 this week. The ex parte application is time sensitive and requests an expedited briefing schedule to ensure that the Court and Respondents have time to brief and review the issues while still allowing for timely relief. Further delay of the application will cause undue and material prejudice to Petitioner and deprive her of a meaningful opportunity to be heard.

Thank you,

Matthew J. Frauenfeld (he/him)
